

Are you enthusiastic about engineering and new technologies, do you want to contribute your own ideas, influence your field of activity and diversify your daily work routine? Then you've come to the right place. In an open and motivated team, we offer you all the prerequisites for your professional success. Apply and start your career in an established company with a solid customer base.

We are looking for the reinforcement of our team at the next possible date

Software Developer C#/F# (m/f/d) in Leipzig

These are your tasks:

- new and further development of our software solutions
- development of robust and sustainable IT systems
- optimization of database systems with regard to performance and scalability
- software testing during development
- requirements analysis as well as their implementation

What you bring:

- practical experience in object-oriented software development (C#, .NET Core)
- at least basic knowledge of the programming language F#
- profound knowledge of MS SQL databases, optional experience in the administration of MS SQL servers
- a good understanding of regular expressions (RegEx)
- willingness to take on responsibility in the team and to conceptually further develop the software architecture
- process-oriented and analytical mindset
- flexibility, ability to work in a team and good organizational skills
- you enjoy software development, have good communication skills, are open and reliable

We offer you:

- work-life-balance with flexible working hours and home office option
- a friendly, familiar working atmosphere in a motivated work environment
- flat hierarchies
- attractive compensation
- opportunities for further education and training
- fresh water and hot drinks
- team-events
