

**Are you enthusiastic about engineering and new technologies, would you like to contribute your own ideas, influence your field of activity and diversify your daily work routine? Then you are exactly right with us! In an open and motivated team, we offer you all the prerequisites for your professional success. Apply and start your career in an established company with a solid customer base.**

We are looking for **YOU** to strengthen our team as

## **Software Developer Visual Basic (m/f/d)**

### **What we offer**

- work-life balance with flexible working times
- a friendly, family-like working atmosphere in a motivated work environment
- an attractive, modern and future-oriented workplace
- flat hierarchies
- attractive remuneration
- homeoffice
- opportunities for further education and training
- 30 days of vacation

### **Your profile**

- you have completed an apprenticeship as an IT specialist (m/f/d) specializing in application development, a (business) computer science degree or comparable training; but you are also welcome as a career changer with several years of professional experience as a software developer (m/f/d) for database-driven Windows applications
- you have very good knowledge in the area of object-oriented programming
- you have extensive experience with the programming language Visual Basic in the application on the .NET Framework (Visual Studio)
- you are experienced with MS SQL Server
- skills in C# are an advantage

### **Your tasks**

- you are proficient in the programming language Visual Basic
- you have a very good knowledge of .NET Framework (Visual Studio), MS Access and object-oriented programming
- you are characterized by a structured, independent and result-oriented way of working
- you bring along communication and team skills as well as a high quality awareness

**Have we made you curious?**

**Then **apply now** and join our team!**
